Y1 Geography Key Facts

Keywords:

ocean	An ocean is a huge, deep body of salty water that covers most of the Earth, and it's home to lots of fish, whales, and other sea creatures.
Continent	A continent is a very big piece of land that can have many countries on it.

The oceans are a large body of salty water that cover 70% of the Earth's surface. There are more than 1 million different species living in the oceans.

The world has 5 major oceans:

1. Pacific Ocean
2. Atlantic Ocean
3. Indian Ocean
4. Southern Ocean
5. Arctic Ocean

The Pacific Ocean is the largest ocean. It is also the deepest ocean in the world. The United Kingdom is bordered by the Atlantic Ocean. The Atlantic Ocean covers 20% of the Earth's surface.
