

Year 1

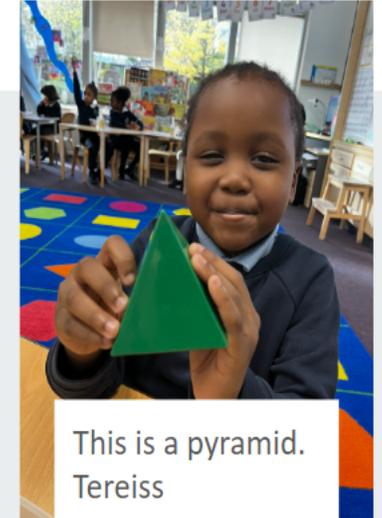

This is a cylinder. It has three faces. Mia

A cube has square faces. Aayana

A cube has 6 faces and 8 vertices. Sylva

This is a pyramid. Tereiss

This week, Year 1 have been exploring 3D shapes. We have learnt about identifying them by counting their; faces, vertices and edges. We wonder what 3D shapes you can find in your home?

We investigated tetromino shapes, which are made of 4 connected squares. Year 1 even had a go at making their own, using a block and paint.
